```

# hotel.f1

The image shows a code editor with a dark theme. On the left is a file explorer showing a project structure. The main editor area displays the content of 'f1.blade.php'. The code is an HTML template with a head section containing meta tags for charset, viewport, and http-equiv, and a body section containing the text 'Hello F1'.

```
1 <!DOCTYPE html>
2 <html lang="en">
3 <head>
4     <meta charset="UTF-8">
